Internal Audit's Mission

The mission of Internal Audit is to enhance and protect the El Paso Independent School District's (EPISD) organizational value by providing risk-based and objective assurance, advice, and insight. We carry out our mission by using a systematic, disciplined approach to evaluate and improve the effectiveness of EPISD's governance, risk management, and control processes.

Audit Plan Purpose

The Audit Plan establishes the framework for the activity of Internal Audit. The Audit Plan is designed to ensure Internal Audit examines areas with the greatest exposure to risks that could affect the EPISD's ability to accomplish its strategic priorities, goals, and objectives. In developing the Audit Plan, the Chief Internal Auditor obtained input from District leadership and the Board of Trustees (Board).

The 2023-2024 Audit Plan:

Submitted by:

- 1. Supports EPISD in achieving the Strategic Blueprint adopted by the Board on December 13, 2022,
- 2. Is based on a documented risk assessment, and
- 3. Is flexible to ensure Internal Audit can be responsive to unforeseen issues and changes in the EPISD's risks, operations, programs, systems, and controls.

The 2023-2024 Audit Plan covers the period of July 1, 2023, to June 30, 2024.

Audit Plan Approval

As required by Board Policy CFC (Local and Exhibit), the EPISD's Board reviewed and approved the 2023-2024 Audit Plan on April 18, 2023. The Chief Internal Auditor has the responsibility to (i) communicate to the Board the impact of resource limitations on the Audit Plan and (ii) review and adjust the Audit Plan in response to changes in the District's business, risks, operations, programs, systems, and controls. Audit Plan changes were approved by the Board on May 21, 2024.

I want to thank the Board for their continued support and District leadership for their cooperation and responsiveness.

Audit Plan for 2023-2024

Introduction to Audit Plan

Internal Audit has completed its annual risk assessment leading to the development of the 2023-2024 Audit Plan. Internal Audit has established a systematic process for creating an annual Audit Plan that is (i) risk-based, (ii) adds value and supports EPISD's strategic priorities and goals, and (iii) meets the mandate from the Board. The systematic process is outlined in the <u>Audit Plan Development Process</u> section.

The 2023-2024 Audit Plan includes 17 engagements that support four of the five Strategic Levers in EPISD's 2022-2025 Strategic Blueprint. The four Strategic Levers are:

Enga (EPI) Equity by Design

El Paso ISD champions a targeted approach to universal access and system equity. Since there are plans to outsource a comprehensive equity audit of the District in the near future.

The types of engagements included in the Audit Plan are:

1. Assurance (Audit) Engagement: Objective examinations of evidence for the purpose of providing independent assessments on governance, risk management, and control processes for EPISD.¹ Engagements focus on both District-wide and school-level processes and controls. Examples include financial, compliance, performance, and information technology audits.

https://www.egisd.org/strategicblueprint Action Plan (CAP) Follow-up Engagement: Also referred to as CAP follow-up reviews, are conducted to determine (i) the adequacy and timeliness of actions taken by management on reported engagement results and recommendations or (ii) if management assumed the risk of not taking corrective action on reported results and recommendations.

3. Consulting Engagement: Engagements for which the nature and scope are agreed with the client. These engagements must add value and improve the EPISD's governance, risk management, and control processes without the internal auditor assuming management responsibility. The engagement objectives must be consistent with the EPISD's values, goals, strategies, and objectives.

Definition from the Institute of Internal Auditors Standards Glossary

We may conduct investigations (using hours reserved under the Contingency category), as needed, to determine whether alleged fraud, financial impropriety, or significant wrongdoing/misconduct occurred.

The Audit Plan also includes hours dedicated to activities required or recommended by the IIA Standards and administrative duties.

Engagements and Activities

This section includes the list of the 17 planned engagements and activities, broad objectives, reference to Strategic Lever supported, risk rank (when applicable), and budgeted (staff) hours. The specific objective(s) of each engagement will be determined after the engagement is initiated and we conduct the engagement-level risk assessment. An Audit Plan schedule (timing of engagements) is provided in Attachment A.

The Audit Plan engagements and activities are listed in alphabetical order, by auditable unit, within the following sections:

- Assurance (Audit), CAP Follow-up, and Consulting Engagements
- Administrative and Other Activities Recommended or Required by the IIA Standards

Administrative and Other Activities Recommended or Required by Standards

Activity	Activity Description	Budgete Hours
Activity Administrative Duties	Strategic activities include developing the annual audit plan, identifying department needs, reviewing staff competency, and planning for professional development.	2,989
	Operational activities involve designing structures and processes aimed at achieving the Internal Audit mandate and overall goals of efficiency and effectiveness. This includes hours allocated to (but not limited to): Reporting to the Board of Trustees, Attending regular and special Board meetings, Assigning auditors to specific projects and allocating/tracking time for Audit Plan activities, Interviewing and hiring new staff members, Completing staff appraisals, Ensuring Internal Audit staff follow policies and procedures, Completing mandatory District training, Monitoring the department's budget, and Processing payroll and purchase orders.	
Fraud, Waste, and Abuse Hotline Reports Monitoring and Follow- up	In accordance with professional standards and related practice guides, Internal Audit should maintain an active role in promoting and assessing ethics throughout the EPISD. This role may include hosting the EPISD's Fraud, Waste, and Abuse Hotline and conducting investigations (also refer to Contingency Hours).	329
	Hours are set aside for monitoring reports received through the Fraud, Waste, and Abuse Hotline. Monitoring includes reviewing, following up/distributing (depending on the type of report), and tracking the status of concerns reported through the Hotline. Quarterly status reports are provided to the Board and Superintendent	
Professional Development	Staff will participate in various instructor-led or on-line courses in subjects directly related to auditing, the Institute of Internal Auditors (IIA) International Professional Practices Framework (IPPF), or specific/unique public sector topics to enhance their knowledge, skills, and other competencies, and meet continuing professional education requirements.	500
Quality Assessment	Coordination and response to external assessment of Internal Audit to evaluate, and express an opinion on, the department's conformance with the Institute of Internal Auditors' Standards and Code of Ethics.	307
Risk Assessment	A risk assessment is a process for identifying, measuring, and prioritizing risks based on their likelihood of occurrence and the magnitude of impact. We use the results of the annual risk assessment to develop the Audit Plan since it will help us identify and prioritize the areas of high risk.	193
Contingency and Consulting Hours	 The Audit Plan is developed based on priorities and estimations of time. Contingency hours are reserved to ensure the risk-based Audit Plan is flexible and responsive to change from unforeseen issues and events during the year. The hours are reserved for unplanned projects, as needed, to include: Consulting services that may include participating in various team meetings, workgroups, or committees within the EPISD to serve in an advisory capacity, to provide management with technical assistance in a variety of areas, and serve as an available resource on risk-related issues, Coordinating requests for information/documentation from external or law enforcement agencies, Follow-up on concerns of high-risk or internal controls deficiencies, and Follow-up on allegations of fraud or significant non-compliance. 	1,219

Overview of Process

To develop the Audit Plan, we use a systematic process that helps us:

- 1. Make the best use of Internal Audit resources,
- 2. Generate buy-in from EPISD management/leadership,
- 3. Supports EPISD's success, and
- 4. Meet the Board's mandate for Internal Audit.

The process is summarized in Exhibit 1 and outlined in the sections that follow.

Exhibit 1: Summary of Audit Plan Process

Risk Assessment

Risk is defined as the possibility of an event occurring that will have an impact on the achievement of objectives. Risk is measured in terms of impact and likelihood.² We conduct an annual risk assessment to help Internal Audit properly align and focus its limited resources to produce insightful assurance and advice on EPISD's most pressing issues.

The first step in the risk assessment is to understand EPISD's strategic priorities (in the Strategic Blueprint) and goals. Next, we update the "audit universe" which consists of the EPISD's key risk areas that could be subject to audit (auditable units). We identified

2023-2024 Audit Plan 7 | Page

² Definition from the Institute of Internal Auditors Standards Glossary.

34 key auditable units based on a review of the EPISD's structure, organizational charts, position inventory listing, and annual department/program budgets.

The key auditable units included in our risk assessment are those that:

- 1. Contribute to the EPISD's Strategic Blueprint and goals,
- 2. Are sufficiently large to noticeably impact EPISD, or
- 3. Are sufficiently important to justify the cost of a control.

Internal Audit uses a "risk factor" approach for identifying and assessing risks. Risk factors are not risks, but rather attributes that are indicators of risk impact and likelihood. Risk factors serve as an efficient means for assessing risk since they (i) provide consistent criteria for all auditable units and (ii) management questionnaires can be used to gather data efficiently. The risk factors are reviewed annually to ensure they are applicable across all auditable units and effective in helping assess the operating, financial, and compliance risks of the EPISD. Exhibit 2 includes the risk factors used for the 2023 Risk Assessment.

Exhibit 2: Likelihood and Impact Risk Factors

To help us determine the risk scores, we gather information relevant to the risk factors through management questionnaires (44 received) and meetings with District leadership. We also met with external auditors, the Strategy and Evaluation staff, and the Employee Relations staff to discuss risks they observed as they conduct their work. Ultimately, coordination with the three groups helps us to better focus our audit resources and reduce duplication of efforts.

The Chief Internal Auditor uses the information gathered to measure the risk for each auditable unit. We use a three-point risk factor scale (for each risk factor) with one representing the lowest level of risk and three representing the highest. Once all auditable units have been scored, they are ranked from highest to lowest based on their likelihood and impact risk ratings. The likelihood and impact risk ratings are categorized based on the risk score as follows:

Risk Score of 10.0 to 12.0 = High Risk Risk Score of 7.0 to 9.9 = Medium Risk Risk Score of 4.0 to 6.9 = Low Risk

The Heat Map in Exhibit 3 illustrates the risk rating by auditable unit. The detailed results of the 2023 Risk Assessment (by auditable unit and risk factor) are also provided in Attachment B.

- Appropriate: Ensuring Internal Audit staff have the knowledge, skills, and other competencies collectively needed to carry out engagements. Please refer to Attachment C for Internal Audit staff qualifications.
- Sufficient: Obtaining the financial, staff, and technological resources needed to implement the Audit Plan.
- Effectively deployed: Ensuring financial, staff, and technological resources are allocated in a way that optimizes the achievement of the Audit Plan.

The Audit Plan's working hours available are calculated based on the days on duty (226 paid days) for the eight (8) full-time equivalent audit professionals (including the Chief Internal Auditor). The available hours to allocate to projects and other activities recommended/required by the Standards are determined after deducting hours for

With 91% of our department's budget devoted to salary costs and other annual costs, such as the EPISD's Fraud, Waste, and Abuse Hotline and the copier/scanner annual lease, we carefully manage discretionary budgeted funds. Discretionary budgeted funds are used to ensure Internal Audit staff have the knowledge, skills, competencies, and resources (including technology) to effectively perform their individual responsibilities. For fiscal year 2024, an additional \$30,000 was budgeted for an external quality assessment of Internal Audit. Exhibit 6 provides a summary of the department's estimated budgeted resources for the 2024 fiscal year.

2023-2024 Audit Plan

Attachment C: Internal Audit Staff Qualifications

ASSURANCE • INSIGHT • OBJECTIVITY

The Chief Internal Auditor ensures that internal auditors, collectively, have the competencies to complete the Audit Plan. In evaluating competencies, the Chief Internal Auditor considered:

- Audit experience, since the effectiveness of internal auditors increases in proportion to their experience.
- 2. Relevant professional certifications/designations, as these are essential to strengthening an internal auditor's knowledge and credibility, and
- 3. Professional development/training, to show internal auditors are deepening their understanding of relevant topics and improving the quality of audit services.
