~~CRD
(REGULATION)~~

~~GROUP TERM LIFE
INSURANCE~~

~~An employee cannot be covered under both an active benefit and a retiree benefit, according to group term life insurance policy provisions.~~

~~If a retired employee returns as an active employee of the District after retirement, the employee is no longer considered retired from the District for life insurance purposes.~~

~~The returning employee renounces any group term life insurance benefit offered to eligible employees at retirement. A retired employee, who returns to active full time employment, is eligible for the same basic group life insurance benefit offered to all eligible full time employees.~~

~~Upon resigning from the District after working as a retiree/rehire employee, the employee is again eligible for any retiree life insurance coverage that may be offered by the District at that time.~~
