Blank values for an indicator score occur if the indicator is not applicable to that campus or does not meet the minimum size of 10 students.

Blank values for a quartile occur if there are fewer than 20 campuses in the campus comparison group with data for each qualifying indicator.

The attendance rate indicator is not subject specific; therefore, it applies to ELA/reading, mathematics, science, and social studies. Consequently, this indicator cannot be the sole measure used by a campus to attain a distinction.
